### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 18, 2007 has been entered.

2. Applicant's arguments, see pages 3-5, filed June 18, 2007, with respect to the claims have been fully considered and are persuasive. The rejections of the claims have been withdrawn.

### ***Allowable Subject Matter***

3. Claims 1-3 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor render obvious, in addition to the other limitations of the claims, a NEG disposed such that a portion of the NEG is disposed in a section of the chamber that is between an edge of the display region and the exhaust hole. Therefore claims 1,3 are allowed. Claim 2 is allowed as a result of its dependence upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
